# Our Entire Furniture Stock Totaling a Trifle Over One Million Dollars Now at a Third Off Regular Prices

It is often said that the Loeser stock of Furniture is the most representative showing that can be seen in any store.

That is because it was assembled with the greatest care and after inspection and comparisons of the product of nearly every good Furniture maker in this country.

There may be larger stocks—though a million dollars in Furniture is considerable—but there are no stocks in which it is easier to find Furniture to satisfy good taste and every other requirement—Furniture that will serve and satisfy through years of utility; Furniture it is a delight to live with.

There are no apologies whatever that go with the Furniture you will find tomorrow on the third, fourth and fifth floors at Loeser's.

Even our three Furniture floors, large as they are, will not hold a million dollars in Furniture at one time. We have, therefore, a very large amount of Furniture in our own reserve warehouses awaiting the opportunity for display.

This Furniture will be brought forward rapidly just as fast as there is room for it and will be marked like all the rest without reserve at a third off.

That portion of our unsold Furniture stocks that have heretofore been offered at reductions of ten, fifteen, twenty per cent. or more will be still further reduced before Store opening tomorrow so that a uniform reduction of one-third may prevail throughout the entire stock.

It will indeed be a rare taste or need that this showing of Furniture fails to satisfy.

IT is not too much to say that this is the most important announcement we ever made concerning Furniture.

We believe indeed that it is the most important Furniture news ever announced in this city.

For in our greatest February and August Sales much Furniture has of necessity been reduced no more than ten, fifteen, twenty per cent.

In the event to start tomorrow every piece of Furniture, without a single reservation, is reduced a full third below prices current up to this time.

Here is a million dollar stock. It would be impossible to collect a finer stock of Furniture or one more representative of the best in American Furniture production. And whatever you choose, for whatever room, of whatever style, the price will be one full third below the fair and usual pricing.

We inaugurate this Sale in recognition of the spirit of the times; a spirit that seeks lower prices; that expects some way will be found to reduce the cost of living and to increase the purchasing power of the dollar.

We inaugurate this Sale to bring the benefit of lower prices to our customers NOW, in time for the Christmas gift buying season, and while so many thousands are in process of refurnishing and improving their homes.

We inaugurate this Sale also in the hope and confidence that the makers of Furniture will meet it in the proper spirit, and that when this Furniture has gone out to enrich the homes of the community we may be able to replace it at prices more favorable than in the past, though it may and probably will not be possible again to equal on so broad a scale the low prices that are now offered.

Tomorrow the Sale begins. Each piece of Furniture is marked in plain figures, with regular price and sale price one-third less.
